*Teams and players will register in the division of their choice; however, the league reserves the right to move a team or player into whatever division they feel is best, to ensure balanced, safe & competitive play. In the event of there not being a position to move a player into, the player will receive a full refund.*

*If you are unsure of where to place your team or player, please contact the league at [www4x4hockeyca@outlook.com](mailto:www4x4hockeyca@outlook.com).*

## In game rules...

- A. Regular Hockey Canada rules will apply.
- B. **All games are non-contact.**
- C. **Goal limits:** No player can score more than **2 goals** in a period or score more than **4 goals** in a single game; **the player is responsible for advising the coach/team that they can no longer score.**
  - If a player reaches his or her maximum numbers of allowed goals in a game, they may still score as many goals as they need in the post-game shootouts.
  - Any player who scores and exceeds 2 goals in a period, or 4 goals in a game, will receive a minor penalty. A subsequent penalty of this type, in the same game, will receive a double minor.
- D. **Offsides:** Whistle blown then offensive team clears zone and then can attack again; same as a delayed offside. No face-off.
- E. **Icing:** Whistle blown then offending team clears centre ice then may attack again. No face-off.
- F. **Face-offs:** Face-offs will only be used to start periods, after goals and to start penalties.
- G. **Hurry up face-offs:** the puck may drop when officials are ready to resume play; regardless of whether one team, or both, is/are missing from the face-off circle.
- H. **Line changes:** Only allowed "On the Fly", to maximize ice time in play.
- I. **Clock never stops** – except if there is 1 or 2 goal lead, in the last 2 minutes of the 3<sup>rd</sup> period, but only in the playoffs; and for injuries.
- J. **Penalties:**
  - Penalties will be 5 on 4 and 90 seconds long.
  - Penalties start when the puck is dropped and then will run non-stop until penalty over or goal scored.
  - Team with power play adds a player to the ice, team receiving penalty also adds a player to ice to replace player serving penalty.
  - If a goal scored player serving penalty exits penalty box and play reverts to 4 on 4 for faceoff.
  - **If no goal is scored,** when the penalty expires the player in penalty box will exit penalty box and play will be 5 on 5 until the puck is in the neutral zone or at the 1<sup>st</sup> whistle,

whichever comes 1st. Once the puck is in the neutral zone 1 player from each team must leave the ice immediately or a too many men penalty may be assessed.

- Penalty format for multiple penalties is the same as MHA play.
- Coincidental penalties will be 4 on 4.
- Intentional body contact will always result in a penalty; if in the discretion of the referee the contact is severe, a game misconduct and a review by the league for further suspensions will follow.
- **When a player receives a 4<sup>th</sup> penalty in any game, they will receive a minor penalty, and may be immediately ejected from that game.**

- K. Game & Period lengths: Each game will have a 1 - minute warm-up followed by 3 – 17-minute periods. There will be 30 second intermissions between periods.
- L. Game times = various times on various days. April to June. TBD each season.
- M. Seasons have 10 regular season games and 1-4 playoff games at minimum, 11 games guaranteed, 13 or 14 total games are possible in a season with playoffs.

### Game Sheets

- N. A team representative must complete the game sheet prior to all games, ensuring players are correctly listed; spares must be noted, absent players scratched, and the Jersey numbers listed are confirmed correct.
- O. No stats will be kept for the Initiation or Novice Divisions; however, game sheets are still required to be filled out.
- P. Stats kept for U11 to U15 will only reflect points for the goals up to 10, or if the scoring of a team exceeds 10 goals and the other team is within 5 goals of the winning team, then points will be allowed as follows.
- if the losing team scores 8 goals and the winning team scores 16, the points that will be counted will be up to 13 goals (8+5). However,
  - if a player scores or assists on a goal that, because of the forgoing example is not eligible, the point will be eligible if it is the only goal or assist that player had in the game.
- Q. The arena scoreboard will never show a score differential of more than 5 goals; unless the losing team reduces the lead to less than 5 goals, then the real score will be displayed, and adjusted to a maximum of a 5-goal difference when necessary.
- R. The maximum goals recorded on the website for a winning team will be 10; unless the score becomes less than a 5-goal gap. Scores will then rise to reflect the score as a 5-goal win. IE> if the losing team reaches 6 goals, then the final score will be 11-6; 12-7; 13-8 and so on, assuming the winning team scored more than 10 goals. If not, the actual score will be recorded.

### Forfeits

- S. If a team does not take to the ice within 10 minutes of the scheduled ice time, they will go down 1 goal if subsequently the game starts late. If the game is forfeited, the late or absent team will have a losing score of 1-0 entered. If the game starts late, this will also eliminate that games shootout and may shorten the length of the 3<sup>rd</sup> period.
